## Each of the Time Will Be Given to Appropriation Bills-Talk of

Adjournment. WASHINGTON, June 5.-The senate was so late getting through with the war revenue bill Saturday as to prevent any con-bultation looking to a programme for this week. The only positive indications are that much of the time will be given to the appropriation bills, which have been en-tirely neglected since the revenue bill was taken up. There are three appropriation bills in conference and all about ready to be presented to the senate on conference reports. These are the sundry civil, the Indian and the postoffice bills. All present some differences between the two houses and each of them will unquestionably be made the basis of more or less debate. There are many items of general import-ince connected with the sundry civil bill and it may consume a day or two of the

made the basis of more or less debate. There are many items of general importunce connected with the sundry civil bill and it may consume a day or two of the senate's time.

The census bill also will receive attention if opportunity is afforded. There is a general desire to provide for the taking of the next census before adjourning for the session, and the hope is now expressed by the friends of the measure that the committee bill will be accepted without a great deal of debate. The quarantine bill also occupies a prominent place upon the calendar and may be considered.

Whether the Hawailian question shall come up will depend largely upon the action of the house. The general understanding among senators is that the Newlands annexation resolution will be acted upon by the house during the week, but that the action will come in time for the senate to take up the same measure this week is doubted even by the best friends of Annexation still insist that there will be serious action by the senate during this session, but they agree that it almost certainly will come to the front again, especially if the house acts. They prophesy that in that event they will soon be able to make it so evident that final action is out of the question that the friends of annexation will themselves, be willing to suspend the contest until the short session next winter.

The conference on the revenue bill between the two houses will be inaugurated during the week, but how long it will continue or what the result will be there is as yet no indication from any source. The senate conferees announce themselves as very determined to stand for most of their amendments, and they profess to believe that the house will yield on a majority on the ground that the senate gave more attention to details than did the house. On the more important amendments, such as those dealing with the bonds, the tex tax, the seigniorage and the inheritance tax, to say nothing of many others inserted to please individual senators, wide differences are quite certain

You can't help liking them, they are so very small and their action is so perfect. Only one pill a dose, Carter's Little Liver Pills. Try them.

Have Organised in Caney County, and | Obries Mrs Mary Will Not Work for Less Than Two Dollars a Day.

INDEPENDENCE, KAS., June 5.-(Special.) As the harvest time draws nigh, harvest hands are in great demand in this section. As an indication of the good section. As an indication of the good times prevailing and the scarcity of laborers, the harvest hands in the great wheat district in the Caney valley in Chautauqua and Montgomery counties have organized and agreed not to work for less than \$2 a day and their board, while it has been customary for them to receive \$1 or \$1.25 here-tofore.
